Made for you.

At Starkey,[®] we believe that to
hear better is to live better.

Halo[™] 2 hearing aids, now available in
our smallest Made for iPhone[®] style,
help you stay connected to the people
and things you love most.

Halo 2 is Starkey's most advanced
technology with supreme sound quality
and premium features, customisable
to fit your unique hearing needs and
enhance your listening experiences.

Halo 2

*Starkey Sound[™] has cutting-
edge technology that delivers
true listening enjoyment.*

Made for
staying
connected.

Our latest Made for iPhone hearing aids and our easy-to-use TruLink Hearing Control app

are engineered to work specifically with your iPhone, iPad,[®] iPod touch[®] and Apple Watch.[®] Together, Halo 2 and TruLink[™] deliver the most personalised hearing experience ever, and are designed to:

- Deliver pristine audio and exceptional listening clarity
- Help you better understand conversations and hear comfortably in any noisy environment
- Stream phone calls, music and more, directly from your iPhone to your hearing aids
- Eliminate buzzing and whistling

Made for better connections.

Halo 2 intuitively connects to your iPhone, iPad and iPod touch via Bluetooth technology and Starkey's easy-to-use TruLink app.

TruLink offers additional features designed to enhance anywhere you go — so you can easily enjoy everything you do.

Personalised Control

Personalised Control in the TruLink app lets you make adjustments to SoundSpace and Noise Manager to suit your preferences in different listening environments.

Phone Calls

Answer your calls with the touch of a button and hear an entire conversation streaming directly to your Halo 2 hearing aids via Bluetooth® technology.

Remote Control

Using the remote control feature in the TruLink app, you can change volume and switch memories on your hearing aids right from your iPhone.

TruLink Memories

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag memories using the built-in GPS on your iPhone. A geotagged memory will recognise where you are and automatically adjust your Halo 2 hearing aids when you enter that space. For instance, a geotagged “coffee shop” memory will automatically activate when you walk into your favourite coffee shop.

Auto Experience Manager

Automatically adjusts your Halo 2 hearing aids' loudness over time to help you transition to your new hearing experience in the most comfortable way possible.

Pristine Audio Streaming

Halo 2 hearing aids provide direct streaming of phone calls, music and media from your iPhone — so you can enjoy clear communication and pristine audio streaming any time, anywhere, for impressive, immersive sound.

Apple Watch Compatible

Use the TruLink app for Apple Watch to control volume, change memories and mute your hearing aids right from your wrist.

TruLink Hearing Control app for Apple Watch provides you with even more ways to easily control and personalise your hearing experience.

Live Microphone

Simply set your iPhone nearby, turn on the microphone feature and stream conversations directly to your Halo 2 hearing aids. You may also record, play back and email audio as it happens or save recordings to listen to later.

Siri Integration

You can have Siri® read texts and emails directly to your Halo 2 hearing aids.

Find My Hearing Aids

Easily locate lost hearing aids using the Find My Hearing Aids feature, with both a location and a timestamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your Halo 2 hearing aids.

Real-time Notifications

Notifications for phone calls, texts, emails or other apps can be streamed directly to your Halo 2 hearing aids.

TruLink Adaptive Car Mode

With TruLink's Adaptive Car Mode, Halo 2 hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your overall driving experience.

Made for music lovers.

*“Life seems to go
on without effort
when I am filled
with music.”*

- George Eliot

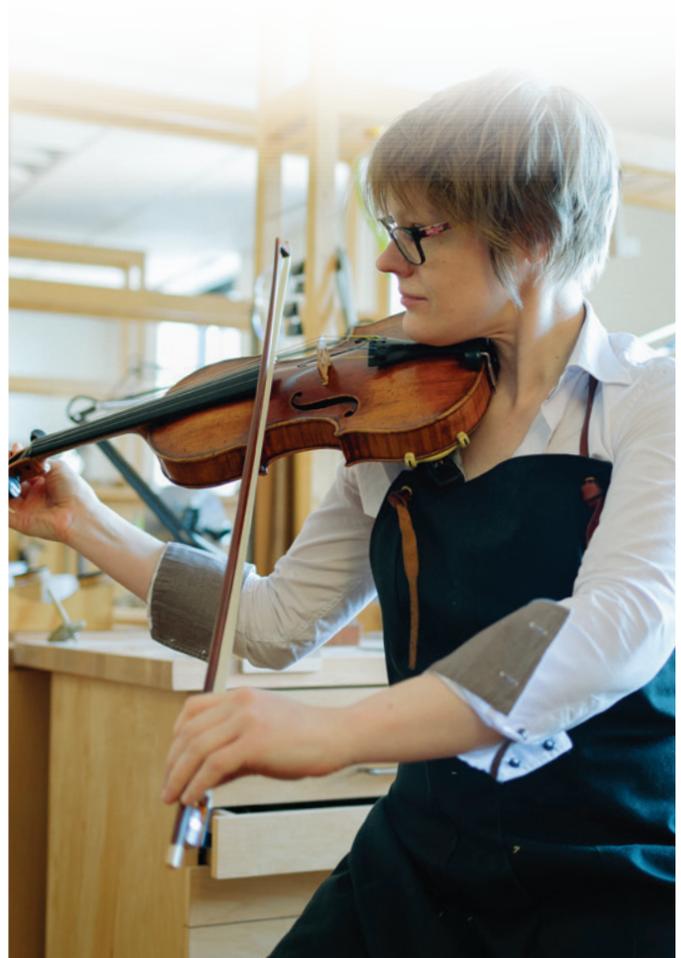

Tastes in music may be unique,
but the power of music is
universally understood.

Thanks to the processing power in
Halo 2 hearing aids, you can enjoy
your favourite music in a whole new
way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for
the way you want to hear music –
automatically and in your control.

Made to deliver the very best.

You want

Halo 2 delivers

*To hear comfortably in
challenging environments*

Acuity™ Directionality, designed to improve speech audibility in difficult listening situations along with **Speech Shift**.

*Enhanced phone
communication*

Direct streaming of phone calls from your iPhone to your hearing aids enables clear and comfortable conversations.

*Hearing that
happens intuitively*

Geotagged memories that automatically switch modes when the GPS feature in your iPhone detects you are in a tagged location. For example, a “home” memory activates when you arrive at home.

*Hearing that’s
personalised for you*

Personalised Control in the **TruLink** app that lets you make adjustments to **SoundSpace** and **Noise Manager** to suit your preferences in different listening environments.

No buzzing or whistling

Starkey’s best-in-class feedback cancellation system providing feedback-free, comfortable listening all day long.

*Durable, dependable
hearing aids*

Surface™ NanoShield, our pioneering water, wax and moisture repellent system, to protect and ensure durability and dependability.

*Music the way it was
meant to be heard*

A whole new way to experience music — adjustable via the **TruLink** app. Now you can hear every note the way the artist intended — with pure, refined sound quality.

Customisable tinnitus relief

Advanced **Multiflex Tinnitus Technology**, adjustable via the TruLink app, to bring relief to those who suffer from ringing in the ears.

Made for everywhere you are.

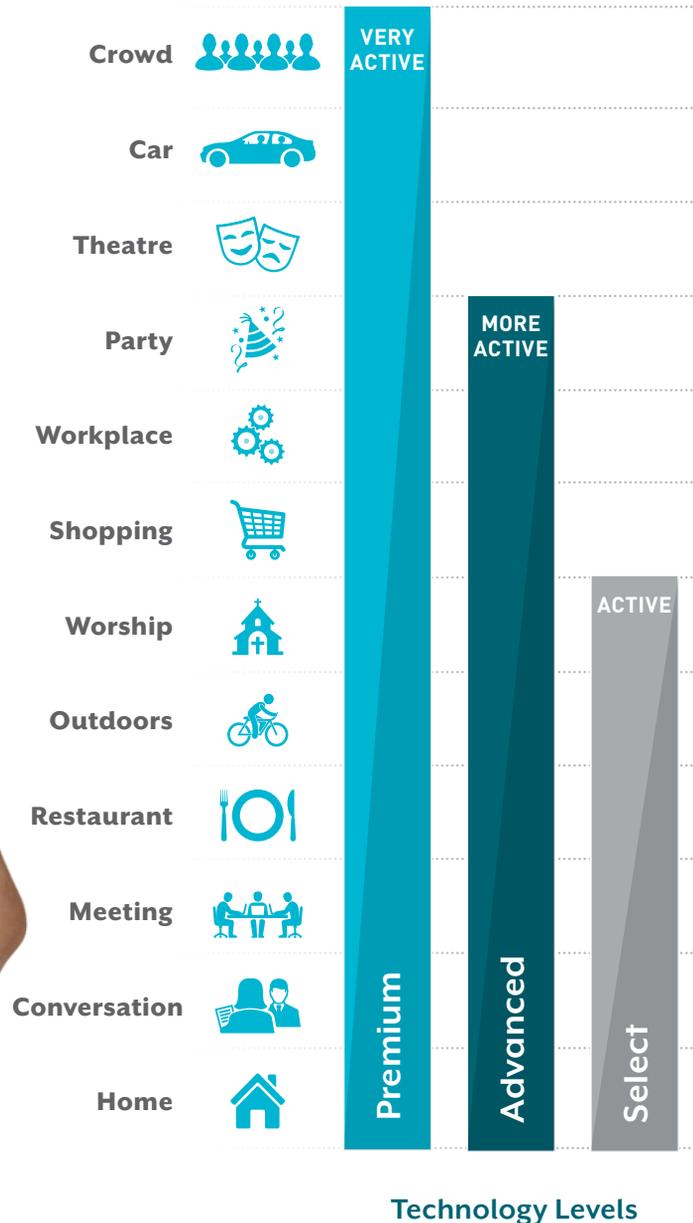

From the beginning, our hearing solutions have enabled people to hear better in challenging environments – and live a better life.

With Halo 2 hearing solutions from Starkey, you'll begin to hear all the subtleties of life: the inflection in the voice of a spouse or the nuances in the notes of a favourite song. Whether it's one-on-one or in the most crowded places, you'll hear the world around you.

What you need will depend on how busy and active you are, and what types of environments you frequent.
